

Conference Schedule

Day 1 Manchester Metropolitan University

10.00 to 12.00	<i>Pre-conference workshop (advanced booking only), Science Communication, led by Dr Lewis Dean</i>
12.00 to 12.55 pm	<i>Registration</i>
1.00 to 1.10 pm	<i>Welcome</i>
Session chair I:	<i>Sonya Hill</i>
1.10 to 2.00 pm	<i>Invited speaker I: What can primatologists learn from equid social networks</i> Susanne Shultz, Manchester University
2.00 to 2.20 pm	<i>Consumption of tree bark by Sapajus cay in a disturbed Atlantic forest fragment in Eastern Paraguay</i> <i>Rebecca L. Smith and Carter J. Payne</i>
2.20 to 2.40 pm	<i>Do same-sex mounts function as dominance assertion in male golden snub-nosed monkeys (Rhinopithecus roxellana)?</i> Pengzhen Huang, Xin He, Endi Zhang, Min Chen
2.40 to 2.50 pm	<i>University students' knowledge of, and attitudes towards slow lorises, palm civets and leopard cats in West Java, Indonesia</i> Elena Račevska, Anna Nekaris (Pecha kucha talk)
2.50 to 3.00 pm	<i>Red-tail repertoires: Establishing call types and uses in a savanna-dwelling forest guenon (Cercopithecus ascanius) in the Issa valley, Tanzania</i> Tiffany Volle, Fiona A. Stewart, Alex Piel (Pecha kucha talk)
3.00 to 3.40 pm	<i>Tea/coffee break</i>
Session chair II:	<i>Emma Nelson</i>
3.45 to 4.35 pm	<i>Invited speaker II: What can primatologists learn from studying elephant minds?</i> Lucy Bates, University of Sussex
4.35 to 4.45 pm	<i>Lightening poster talks</i>
4.45 to 5.05 pm	<i>The taxonomy and conservation of Mico marcai (Alperin 1993) in Aripuanã-Marmelos interfluves, Amazon, Brazil</i> Felipe Ennes Silva, Rodrigo Costa Araújo, Fabricio Bertuol, Hermano Nunes, Ivan Junqueira, Jonas Gonçalves, Lísley P. L. N. Gomes, Aline Tavares dos Santos, Hani

Rocha El Bizri, João Valsecchi, Marcelo Santana, José de Souza Silva-Júnior, Jean P. Boubli, Izeni Farias, Tomas Hrbek.

- 5.05 to 5.25 pm *Behaviour of a captive lion-tailed macaque (*Macaca silenus*) group before and after move to a new enclosure*
Rebecca Newman, Sean McKeown, Thomas Quirke and Ruth M. O’Riordan
- 5.25 to 5.35 pm *Communication and social bonds: Vocal and gestural networks of wild chimpanzees (*Pan troglodytes schweinfurthii*)*
Sam Roberts, Anna I. Roberts (Pecha kucha talk)
- 5.40 to 6.40 pm *Poster session/wine reception*

Optional ticketed evening event

7.00 to 02.00 am @ Bouzouki by Night, Greek Restaurant/Club

Day 2 University of Salford

- 9.15 to 9.30 am *Welcome – Prof. Sheila Pankhurst, Dean of School*
RGS 50th anniversary announcement, Emily Bethell
- Session chair III: *Alison Fletcher*
- 9.30 to 10.20 am *Invited speaker III: What can primatologists learn from studying the socio-cognitive abilities of dogs*
Péter Pongrácz, Eötvös University
- 10.20 to 10.40 am *Social, behavioural, and physiological responses of captive Sulawesi macaques (*Macaca nigra*) in response to long-term and large-scale perturbation*
Veronica Cowl, Sue Walker, Susanne Shultz
- 10.40 to 10.50 am *A study of post-cranial indicators of primate sexual dimorphism: implications for understanding hominin palaeoecology*
Shelley Farrar (Pecha kucha talk)
- 10.50 to 11.00 am *Presence of the Javan slow loris in an agricultural mosaic and an overview of factors affecting detectability*

Priscillia Miard, Kathleen Reinhardt, Denise Spaan, Eric Neilson, K.A.I. Nekaris
(Pecha kucha talk)

11.00 to 11.40 am

Tea/coffee break

Session chair IV:

Geoff Hosey

11.40 to 12.00 pm

The use of primates in biomedical research: Are some primates more deserving of a good quality of life than others?

Paul Honess

12.00 to 12.20 pm

The behaviour and ecology a nocturnal primate, Galago senegalensis, in Northern Tanzania

Grace Ellison, Caroline Bettridge, Bradley Cain, Martin Jones

12.20 to 1.10 pm

Invited speaker IV: What primatologists can learn from cetacean cultures

Luke Rendell, University of St Andrews

1.10 to 2.30 pm

Lunch break

Session chair V:

Bill Sellers

2.35 to 2.55 pm

Hitting the sweet spot: perceptions of risk and mango feeding preferences of chimpanzees in a human-dominated landscape mosaic, Uganda

Aimee S. Oxley, Matthew R. McLennan, Kimberley J. Hockings, Catherine M. Hill

2.55 to 3.25 pm

Apps for Apes (and other endangered species) – new technology in the service of conservation

Ian Redmond, Mark Laxer, Jay Ploss, Matt Redmond.

3.25 to 3.55 pm

Tea/coffee break

3.55 to 4.15pm

Oxidative stress in non-human primates: insights from humans and other animals

Alex Georgiev

4.15 to 4.35 pm

The challenge of taxonomy instability for the practice of conservation: examples from New World Primates

Jean Boubli

4.35 to 4.45 pm

Prizes, raffle, President's address and close

*subject to change
